

Anup Singh

PH.D. CANDIDATE - GHENT UNIVERSITY

📞 +91 7458870512 | ✉ anup_singh@outlook.com | 🏠 anupsingh15.github.io | 📺 anupsingh15 | 🌐 anupsingh15

Research Interests

Speech Tokenization, Audio Retrieval, Textless-NLP, Audio and Speech Generation, ASR, Self-Supervised Learning, Large Language Models,

Industry Experience

Amazon

Applied Scientist II

- Working on Speech LLMs

Bengaluru, India

January 2026 - Present

Samsung R&D Institute

Research Intern

- Worked on Audio Foundation Model.

Bengaluru, India

February 2025 - July 2025

Education

Ghent University

Ph.D. in Computer Science

- Research Interests: Audio Retrieval, Indexing, Audio Tokenization, Self-Supervised Learning, Representation Learning
- Advisors: [Prof. Kris Demuynck](#) (Ghent University) and [Prof. Vipul Arora](#) (KU Leuven)
- Courseworks: Signals and Systems, Speech Processing, Advanced Digital Signal Processing

Ghent, Belgium

January 2019 - March 2026

Indian Institute of Science Education and Research- Kolkata

Integrated BS-MS in Mathematics and Statistics

- CGPA: 7.62/10 (absolute grading)
- Advisor: Prof. Robert John Chandran
- Selected coursework: Probability and Statistics, Numerical Methods, Data Structure and Algorithms, Statistical Inference, Linear Algebra, Graph Theory, Machine Learning

Kolkata, India

August 2013 - June 2018

Publications

JOURNAL ARTICLES

FlowHash: Accelerating Audio Search with Balanced Hashing via Normalizing Flow

Anup Singh, Kris Demuynck, Vipul Arora

IEEE Transactions on Audio, Speech, and Language Processing, 2024

CONFERENCE PROCEEDINGS

Harmonic Summation-based Robust Pitch Estimation Algorithm

Anup Singh, Kris Demuynck

NCC, 2026

BEST-STD 2.0: Balanced and Efficient Speech Tokenizer for Spoken Term Detection

Anup Singh, Kris Demuynck, Vipul Arora

ICASSP 2026-IEEE International Conference on Acoustics, Speech and Signal Processing (ICASSP), 2026

BEST-STD: Bidirectional Mamba-Enhanced Speech Tokenization for Spoken Term Detection

Anup Singh, Kris Demuynck, Vipul Arora

ICASSP 2025-IEEE International Conference on Acoustics, Speech and Signal Processing (ICASSP), 2025

Language-Agnostic Speech Tokenizer for Spoken Term Detection with Efficient Retrieval

Anup Singh, Kris Demuynck, Vipul Arora

Interspeech, 2025

Simultaneously learning robust audio embeddings and balanced hash codes for query-by-example

Anup Singh, Kris Demuynck, Vipul Arora

ICASSP 2023-IEEE International Conference on Acoustics, Speech and Signal Processing (ICASSP), 2023

Attention-Based Audio Embeddings for Query-by-Example

Anup Singh, Kris Demuynck, Vipul Arora

23rd International Society for Music Information Retrieval Conference (ISMIR 2022), 2022

Academic Experience

Indian Institute of Technology

Visiting PhD student | Advisors: Prof. Vipul Arora and Prof. Kris Demuynck

Kanpur, India

December 2021 - Jan 2025

- Contributed to an industrial [R&D project](#) funded by [Prasar Bharati](#), India's largest broadcasting agency, aimed at building state-of-the-art retrieval systems for archival audio content.
- Designed and developed a robust and efficient audio fingerprinting system capable of maintaining high accuracy even under challenging conditions, including high noise and reverberation. [video demo](#)
- Currently developing speech tokenization techniques for textless voice search tasks as part of a [MeiTY](#)-funded research project.

Ghent University

Research Assistant | Advisor: Prof. Kris Demuynck

Ghent, Belgium

January 2019 - Present

- Contributed to the VLAIO Industrial R&D project, SPOTT, in collaboration with [Appiness](#), focusing on developing scalable and personalized advertising technology.
- Developed a novel pitch estimation algorithm for speech audio, which demonstrated superior performance over existing pitch trackers, particularly in challenging environments with high noise and reverberation.
- Worked towards building a graph-based indexing algorithm.

Indraprastha Institute of Information Technology Delhi

Research Associate | Advisor: Prof. Arun Balaji Buduru

New Delhi, India

May 2018 - October 2018

- Implemented Capsule Network for the language identification task.
- Partially worked on sensitive text detection in Twitter data.

NICTA (now CSIRO's Data61)

Research Intern | Advisor: Dr. Young Lee

Remote

November 2016 - December 2016

- Theoretical study on finding a relationship between Factor Analysis and Probabilistic Principal Component Analysis.

Indian Institute of Technology

Research Intern | Advisor: Prof. Sudeshna Sarkar

Kharagpur, India

May 2016 - June 2016

- Implemented a method to find subspace clusters in temporal climate data using the Monte Carlo algorithm.

Indian Institute of Technology

Research Intern | Advisor: Prof. Arvind Kumar Gupta

Ropar, India

May 2015 - June 2015

- Modeled stochastic transport systems using the Totally Asymmetric Simple Exclusion Process (TASEP) to study particle flow dynamics.

Skills

Programming Advanced: Python | Familiar: MATLAB

Frameworks PyTorch, PyTorch Lightning, Keras, NumPy, Scikit, Matplotlib, Plotly, Pandas, Montreal Forced Aligner

Tools Git, Slurm, Bash, $\LaTeX$ (Overleaf)

Talks

2023

Delivered a tutorial on audio fingerprinting at WiSSAP-2023. [slides](#)

IIT-Kanpur

Service

Reviewer ICASSP 2023, ISMIR 2023, ISMIR 2024, ICASSP 2025, ICASSP 2026, IEEE SPL

Mentorship Provided mentorship to undergraduate students at Ghent University and IIT Kanpur on research projects.

Teaching Assistantship

- Introduction to Machine Learning (EE903, eMasters), IIT Kanpur — Fall 2022
- Introduction to Machine Learning (EE952, eMasters), IIT Kanpur — Spring 2024

Awards and Accomplishments

2022 **Student Author Grant**, Grant to attend ISMIR-2022 conference in Bengaluru, India.

2013-18 **INSPIRE Fellowship**, Offered by DST and Govt. of India for top 1% students in Science.

2013 **Qualified IIT-JEE**, Ranked among the top 1% of the candidates (1.2 million participants) in IIT-JEE 2013.
